## somerton® view

Woven in a square 2 x 2 construction, somerton® view allows for a clear outward view as well as the potential to turn the fabric 90 degrees without giving a difference in your view. Manufactured in 2 wide widths to cover almost all applications.

somerton® view is ideal for external awnings, automatic sun blinds, external track systems, folding arm awnings, alfresco blinds and also can be used on internal blinds. somerton® view is the smartest choice for your sun-protection needs.
